

35 Silent Business Killers: How to Stop Them Before They Kill Your Business

Will Your Business Become A Casualty? In business there are both winners and losers. According to Bloomberg, 8 out of 10 entrepreneurs who start business fail within the first 18 months. Why do a whopping 80% of them crash and burn? After 30 years of serving local business, Jane Moughon understands the challenges of business. In this easy-to-read, easy-to-understand book, she identifies issues that may be lurking in your business, which if ignored, can cripple or kill your business. Discover what they are so you can resolve them. This handbook is a must read for everyone who owns or works in a business. Dont allow your business to fall prey to these killers.
