

Mongolia at the Market: Dedicated to the 60th Anniversary of the School of Economic Studies (Global Cultural and Economic Research)

Mongolia at the Market looks at the process of economic transition and development in the years since Mongolia started the transition toward a market economy. The book describes the new market economic system of Mongolia through an analysis of the country's economic branches, sectors, and market components. It also examines the issues of transition and development which determine trends of national economic development. Mongolia at the Market is written by academics and researchers of the School of Economic Studies at the National University of Mongolia. (Series: Global Cultural and Economic Research - Vol. 7)
