

This comprehensive guide will teach the reader how to plan a wardrobe with tasteful, classic clothes that will flatter their body type, size and shape and deliver new ideas for construction and embellishment, fitting tips and style to make clothes that are beautiful and fun to wear. This book will give you the knowledge to create a wardrobe for all occasions so that you always have something appropriate to wear. The authors wardrobe-planning ideas apply to women of any age or size, and the patterns and instructions cover the full range of sewing skills. Large or small, thick or thin, you will learn to plan a wardrobe that flatters your individual shape and size. You will then have 20+ garment patterns and instructions to begin building a wardrobe that suits your own style.

Heritage of conflict; Labor relations in the nonferrous metals industry up to 1930 (Industrial and labor relations series), Il trovatore: Violin II part [A2340], Lady Jessica, Monster Hunter: Episodes 1-3, The Blue Velvet (Emersons Attic Book 1), VOODOO PLANET/STAR HUNTER, Sustainable Investing for Institutional Investors: Risk, Regulations and Strategies, Weapons of the Weak: Everyday Forms of Peasant Resistance,
